

Dental Pods

by Zima Dental

\$95

\$15 for additional tablets

ADVANCED ULTRASONIC TECHNOLOGY

Zima Dental Pod uses high-frequency 42,000 hz ultrasonic waves to scour and smash grime while being non-abrasive to your dental appliance.

QUICK AND EASY TO USE

Fill the Zima Dental Pod with water, drop in your dental appliance, then activate. Wait for 5 minutes, then retrieve your sparkling clean dental appliance.

MODERN DESIGN

The Zima Dental Pod's sleek, smooth and compact design won't take up counter space while providing a deep clean to appliances of any size.

PREMIUM RETAINER CLEANER

Looking for the best cleaner for retainers. Stop using vinegar or baking soda for cleaning retainers. Consider Zima Dental's ultrasonic retainer cleaner.
